Vinification

Grape harvest is entirely by hand with on site grape sorting. Stalk stripping and inerting of musts is immediate upon entrance of the grapes into the cellar. Pressing is performed after a short maceration. Temperature control is effective at all stages with fermentation at a fixed 62°F.

Tasting notes

With a pale pink hue, its subtle and delicate aroma brings notes of fresh fruit and citrus. The taste is expressive, fresh and ethereal which develops exotic notes.

Wine pairing:

Your perfect companion all your meals and parties along.
